

Yours of 3<sup>rd</sup> is just rec'd. I would not  
doubt I can write up the list of these  
for \$5.00, and maybe less, since I  
have ~~the~~ notes of all of them. The list  
I sent you was drawn up from memory  
Of course *Fayomia d'ichuli*, was left out  
though Carelsinis. I certainly thought I put  
it in. Convolvulus Conicus I think I have  
also. The other things you name are species  
in *Spina* you can find in *Niccia strictus* var. lata (A  
108 var. lat. 5/170)
